Bucks County Championship Bocce Tournament

“Everyone is excited and can’t wait to begin the 5rd annual Bucks County Bocce Championship Tournament at the International Day Celebration to be held on Sunday October 16th “ said Northampton Supervisor Pete Palestina who coordinates the event. The tournament is open to municipal, business and civic groups as well as other organizations.

“You don’t need to be an experienced bocce player” said Palestina, “in fact, last years champions, the Pennoni Associates, had never played the game before”. Bocce is a fun game for anyone young or old, or anyone in between. “If you ever bowled, played horseshoes, shuffleboard or pool, you can play bocce” Palestina added.

Traditionally, bocce is a game that originated in Italy and therefore fits in nicely with the theme of International Day. It’s easy to learn, easy to play, doesn’t wear you down physically and best of all, it’s fun.

Visit the website at www.international-day.com for see find out about the other family activities which will be taking place. Children’s Cultural Center office (215) 230-0160.
